Code Questions:

Nail holes in pex examples

Nick- pipe bursting tool-pull high density poly urethane through cast iron....

Liners not as good because of roots, butt fusion, room needed 2x2 ft., liners can push into street.....deeper needs to be deeper

Ben from experience. All hot water to be insulated. Fire rated assemblies,etc....

Nick experience: Riverside insulate hot and cold in attic. Insulation settles.

Marion on pex: 32 inches....for support

New Business: Mario: Las Vegas chapter has a lot of shirts, hats, etc.....

Need a shirt or a hat printer recommendation:.....Ben....says he might be able to help with T-shirts, hats etc.
