

UPPA of long beach

International Association of Plumbing & Mechanical Officials

Minutes

Dimit led the pledge of allegiance

Introductions: 21 people

Treasury \$1080.00(estimated)

Old Business:

PHCC trade show was a success and well attended. Ray-apprenticeship program doing well. Tommorrow is world plumbing day. Motion to increase room fees to \$20.00 as room rates are increasing. Reported that Jim Anderliks health is doing better. Jim Anderlik looking for a new location for us. Ira says, from his many moons of knowing Jim, that if anyone can find us a deal it is Jimmy! Motion to get a plaque honoring Jims dedication to UPPA.

New Business:

Nick worked on a 200 unit mobile home park. Once a week stoppages. Had to go 8ft. deep with a jack hammer. Clear power lines, hard dirt, roots, etc...Used his new jetter but it almost got stuck. 4" main shattered getting it out! Pump out water in hole, truck parking wars. Smith blair couplings to fix sewer. Demo on pex coupling(refer to our youtube video to see it). 7 unit building, shot pipe epoxy for water service in 1 day. Standard repipe always cheaper but doesn't include patching. Anode water heater rods to display(see youtube video) to show how much corrosion and why you need to replace.

Speaker: Ira Schumer - Bradford & White water heaters

Respectfully submitted,

Michael Brindley

A large, stylized handwritten signature in dark ink, appearing to read 'Michael Brindley', is written over the typed name.
